As legal restrictions revert to guidance and we enter a different phase of the pandemic, Club Meets, Temporary Holiday Sites and Camping Events are now able to operate in accordance with existing Club Green Papers, subject to the following guidance in this Green Paper.

Whilst many COVID restrictions outlined in law have now been lifted in England, Scotland, Wales and Northern Ireland, Club Units must ensure compliance with any current and future Government guidelines, as set out by each nation.

Whilst you are not legally required to self-isolate if you test positive for COVID-19 the Government does advise you to stay at home if you can and avoid contact with other people.

We would recommend that if you or any fellow camper is feeling unwell please take a test, which you will need to arrange privately, and we would ask that you do not attend any camping event should you be positive. As with any infectious disease we have a duty of care to look after ourselves and fellow campers.

Guidelines for each nation can be found here:
